SUPPLEMENT TO THE
Frances Shimer Record
FEBRUARY, NINETEEN
HUNDRED TWENTY-NINE

*The aim of the Frances Shimer
School is to train its students for
life rather than for a particular
vocation. The school seeks to de-
velop in the young women in-
trusted to its care, sound minds
in sound bodies, and to inspire
them with ideals, democratic and
altruistic, to the end that they
may realize their obligation to
make some individual con-
tribution to the com-
mon welfare*
